HERZOGENAURACH AIRFIELD

@KONIGSMANNBASTIAN (BASTIAN KÖNIGSMANN)

THE MOST BEAUTIFUL PLACE IN THE DISTRICT OF ERLANGEN-HÖCHSTADT IS PART OF MY WORK-PLACE: THE SQUARE IN FRONT OF THE TOWER AT HERZOGENAURACH AIRFIELD.

It's the starting point for countless flights over our beautiful county. Whether scenery with adults and children or charter flights for business clients, when I'm at my favourite place, I know for sure that in the next few minutes I'll once again spot a corner of the county that I haven't seen like this before.

KARPFENLAND AROUND POPPENWIND

.....
@KARPFENLAND (DANIEL BOKLAGE)

ONE OF MY FAVOURITE PLACES IS THE CARP LAND BETWEEN POPPENWIND AND MOHRHOF.

Because there is a great inn here. Because you can take such beautiful photos of this place. And because the wind blows so nicely here, like it does back home where I come from.

Besides, the paved paths between Poppenwind and Biengarten are also good for strollers and kids' bikes. This way, even with toddlers, is easily accessible with strollers and kids' bikes. So, even if you have toddlers, you can still take a long walk. The food tastes even better after such a long walk.

TENNENLOHE FOREST

• • • • •
@DEJAN.B17 (DEJAN BERNDT)

MY FAVORITE PLACE IN ERH IS THE FOREST AROUND TENNENLOHE.

Whether it's watching wild horses and goats or just going for a walk, visiting this nature reserve is always worth spending a few hours there. Its tranquility and undisturbed surroundings are unique in our region.

For sure, this place is not a real "insider tip". When the weather is fine, the parking lots are always well filled. But whether this may be an insider tip or not and no matter if it's summer or winter, the Tennenlohe forest is indescribably beautiful and therefore my (and certainly many others') personal favorite place in ERH.

THE PONDS OF RÖTTENBACH

 @QGASTHAUS20 (JOACHIM GAST)

THE PATHS AROUND THE PONDS „RÖTTENBACHER WEIHER“ ARE ALWAYS SOMETHING SPECIAL, AT DIFFERENT TIMES OF THE DAY OR SEASONS.

These ponds simply make me feel at peace. After a few steps, the stress of everyday life just disappears. The animals at the ponds, the birds, a frog or a snake, even a colorful leaf – all of this makes up the charm of the scenery.

Sometimes on the way back, the skyline of Röttenbach is reflected in the ponds – which is particularly beautiful during sunsets: Everything is illumi-

nated in bright red light and it feels like being in the Caribbean. That `s when I know: This is where I belong!

Dutendorfer Straße 5-7

OUR HIGHLY RECOMMENDED HAPPY FAMILY PLACE – A PLACE WHERE TRULY EVERYONE CAN ENJOY A WIDE VARIETY OF ACTIVITIES – IS LOCATED IN VESTENBERGSGREUTH.

There they created the "Schaukelweg", a circular route with eight unusual swings, that help young and old to forget everyday life for a moment. In the middle of a beautiful landscape you can take a leisurely walk, occasionally stopping at one of the stations.

In August there also is a corn maze to discover. You can access it directly from the parking lot at Dutendorfer Straße 24. The up to 4 km trail is also suitable for strollers.

A small Kneipp water treading facility cools your tired legs. Along the way you will see animals and you can also stop at a farm. At the end of our visit we always go to the Greuther Keller for refreshments. Here you can play a round of mini golf or try the summer toboggan run.

THE POND LANDSCAPE AISCHGRUND

OLLI.TAKES.PICTURES (OLIVER KORDES)

MY FAVOURITE PLACE IN THE DISTRICT OF ER-LANGEN-HÖCHSTADT IS THE „AISCHGRUND“ BETWEEN AELESDORF AND HALLERNDORF (FO).

It's wonderful to hike in the woods and meadows, to ride a bike, to visit restaurants or some famous "Bierkeller", to experience nature and to get your mind off everyday life. That's why you can find me here quite often.

EBRACHGRUND

📷 @ROBERT.LEWANDOWSKI.GARANUS (ROSWITHA DRESEL)
@CARMENWACHTLER (CARMEN WACHTLER)

THE ROUTE TO OUR FAVORITE PLACE STARTS IN KLEINWACHENROTH IN THE DIRECTION OF SCHELLENBERG. THIS IS ALSO A PART OF THE PATH OF THE BIBLE IN REICHE EBRACHGRUND.

At the height of the pasture you have a great view over entire Wachenroth (picture no. 1) in the direction of Volkersdorf and the southern foothills of Steigerwald. You can also watch the cows, sheep and goats there.

Turning left just before the barn you reach a fork. Turn right, walk up the hill and then you reach the fruit orchard of Weingartsgreuth. Here you can see the most beautiful stele of the Path of the Bible and enjoy a wonderful panoramic view over all the church villages (Wachenroth, Mühlhausen, Weingartsgreuth) as well as the Ebrach valley.

If you're lucky you can see the Castle of Weibenstein in Pommersfelden and you might even be able to see as far as the Friesener Warte.

This bench is made for taking a break (picture no. 2). There you can enjoy a stunning view over the pond of Weingartsgreuth and its castle (picture no. 3). Have fun relaxing!

VIEW OVER ECKENTAL AND BEYOND

📷 @DAD_THEWALKING (JOHANNES DIEZ)

AS A NORDIC WALKER I WALK LONG DISTANCES IN ECKENTAL AND I LIKE IT WHEN MY ROUTES ARE HILLY. THE PATH BETWEEN FROHNHOF AND AFFALTERBACH, NORTHWEST OF ECKENTAL/FORTH/FROHNHOF IS ONE OF MY FAVOURITE PLACES.

When I reach the top, panting, I like to sit on the bench there. I then take a sip of water and enjoy the view over the villages of Eckental, Tauchersreuth, Klein- and Großgeschaidt as well as Kalchreuth. Looking at this view I always feel like I am in the mountains.

HANNBERG & OBERMEMBACH

📷 @MARKUS_F_MUELLER_OFFIZIELL (MARKUS MÜLLER)

I ACTUALLY HAVE TWO FAVOURITE PLACES IN ERH.

One of them is the fortified church in Hannberg. Not only does it offer stunning architecture but it also hosts great events like "Kultur in der Kirchenburg".

The beer garden of Obermembach is my second favorite place because it's so idyllic. You have a fantastic view over ponds and the forest, you can relax there and enjoy good food and good beer. You can unwind there, that is why it is also called „Jägersruh“ (where hunters can unwind). Locals even call it "Forest Hospital".

THE “HOHL“ IN KLEINSEEBACH

📷 @GOLDRAEHMCHEN (STEFFEN SCHMIDT)

MY FAVORITE PLACE IS AN IDYLIC PIECE OF NATURE RIGHT AT THE CENTER OF THE VILLAGE WHICH IS GUARANTEED TO COOL YOU DOWN ON HOT SUMMER DAYS.

Lots of the so called “cellars“ were built in 15th/16th century Franconia, such as the „stone cellars“ in Kleinseebach. The site with its two upper and three lower cellars was used for storing horseradish, cabbage, turnip and beer. The upper cellars are located 12 meter under the ground and extend into a maze of 80 meters into the sandstone. The uppermost cellar at the Hohl (1000 m²) is the county's biggest cellar site.

In 18th century the „Strickreiter“ of Baiersdorf used to end their annual exercises there with a couple of „hinks of beer“. In World War II the site was used as an air-raid shelter.

The „Holprunnen“ (known since 1530) originates in one of the lower cellars. Nowadays its water is used for carp and to water the meadows. The lower

site was used for gastronomic purposes earlier, too. Nowadays it is only used for those purposes during the annual gastronomic „Kellerfest“ at the end of July.

Where does the word „Hohl“ stem from, you might ask? It's called Hohl due to the hollow shaped path between thee Baiersdorfer street and the Röttenbacher street.
